A diagram of a gas cylinder with a label. The label is divided into four quadrants: top-left '032a', top-right 'E2t', bottom-left '0.5GW', and bottom-right '0.5B'. Above the label is a small rectangular box with an 'X' inside. To the left of the cylinder is a small circle with a dot inside.

Diagram illustrating the stability of a ship. The ship is shown in a tilted position. The center of buoyancy (B) is located at a distance of 1.25 from the centerline, and the center of gravity (G) is located at a distance of 0.50 from the centerline. The ship is labeled 'E2u' and 'E2t'.
